Spokane, Washington. More than meeting expectations.

Spokane runs circles around typical meeting destinations. Our newly expanded Convention Center features a 120,000 sf exhibit hall, 40 breakout rooms, three ballrooms and gorgeous outdoor meeting space. With the brand new Davenport Grand Hotel (Marriott Autograph Collection) and the DoubleTree by Hilton, there are now two hotels connected to the Convention Center — a total of 1,100 rooms. Within eight blocks of the Center you'll find 3,300 guest rooms and, region-wide, we've got dozens of traditional-to-unique meeting facilities. From a cliff-top vineyard to a historic old mansion...we've got it! Great shopping, dining and entertainment in our compact Convention District means it's time to circle Spokane for your next meeting or event.
